ABOUT ME

Full-Stack Engineer with 2 years of experience in web development, specializing in designing and implementing high-performance, reliable applications. Strong expertise in React.js, Node.js/Express, and Java/Spring Boot, with solid experience in microservices, REST APIs, and CI/CD. Passionate about code quality, performance optimization, and developer experience, I prioritize a results-driven approach and customer satisfaction.

PROFESSIONAL EXPERIENCE

Full-Stack Developer

09/2023 – Present

Freelance

Developed and maintained high-performance web applications and REST APIs using modern technologies. Collaborated with clients and stakeholders to define requirements, prioritize tasks, and deliver maintainable solutions on time.

Tech Stack: React, Node.js, Supabase.

Full-Stack Developer

02/2023 – 08/2023 | TAC-TIC, Tunis

Final Year Project

Developed a mobile app and a web app based on a microservices architecture. Implemented a CI/CD pipeline, integrated SonarQube for code quality assurance, with automated build, testing, and deployment. Optimized REST endpoints and caching, resulting in a 30% improvement in response times.

Tech Stack: Flutter, React.js, Spring Boot, Jenkins, Docker.

Full-Stack Developer

06/2022 – 08/2022 | Beecoders, Tunis

Internship

Designed and developed an e-commerce website dedicated to gaming. 📁

Tech Stack: React.js, Node.js, MongoDB.

Web Developer

06/2021 – 08/2021 | Sisagri, Bizerte

Internship

Developed an e-commerce platform for selling and renting agricultural equipment.

Tech Stack: PHP, HTML, CSS, JavaScript, MySQL.

EDUCATION

Engineering Degree in Computer Science

2018 – 2023 | Tunis

ESPRIT: Private Higher School of Engineering and Technologies

PROJECTS

DevOps Project

2022

Developed an application integrated into a CI/CD pipeline.

Tech Stack: Spring Boot, Jenkins, Docker, SonarQube, Prometheus, Grafana.

Web Application

2021

Designed and developed a platform aimed at improving employee well-being.

Tech Stack: Angular, Spring Boot, MySQL.

SKILLS

Programming Languages

JavaScript, Java, PHP, Dart

Databases

MySQL, MongoDB, PostgreSQL (Supabase)

Frontend Frameworks & Libraries

React.js, Angular, Flutter, HTML5, CSS3

Backend Frameworks

Node.js, Express.js, Spring Boot, REST API, Microservices

DevOps Tools

Jenkins, SonarQube, Prometheus, Grafana

Methodologies & Practices

API design & documentation, AI/LLM integration, Git, Agile/Scrum, CI/CD
